- Sun protection

Product Images

Product Description

Protect your car and its passengers against the glaring sunlight through the rear window. Especially recommended for baby car seats when the baby looks against the direction of travel. This sun protection always retains its smooth and wrinkle-free form and therefore does not affect the view. The attachment is easy and secure thanks to its 3 high-quality suction cups. Fits all cars - including estate cars, mini vans and SUVs. Dimensions: 84 x 34 cm.
