- Insulated bottle bag

Product Images

Product Description

The perfect bottle case for on the go. The double-thick insulation keeps drinks and glasses cold or warm for a longer time, even in extreme temperatures, and is large enough for two big baby bottles, two cups or two "whole meals in a glass." The Refresh Me 2 has a high-quality zipper, a small mesh pocket as well as a window for the name tag. It attaches to any stroller or buggy using the snap fastener and can be transported easily by its handles. Particularly useful for summer, when it's time to go to the beach and your baby's bottle should be well tempered.
